Siemens embraces Belt&Road and strengthens ties with China

Siemens, which is among a string of European companies that have been strengthening their ties with China, signed over 10 agreements this month with its Chinese partners. Convinced of the gains of win-win partnerships and in their effectiveness in fighting against protectionism and isolationism, Cedrik Neike, member of the managing board of Siemens AG, clearly recognizes the importance of B&R initiative, referring to it as "the most relevant infrastructure project of our times."
