# International Policy

**“A University from Lisbon to the world”**

## COLLABORATIVE DIMENSION

- Active involvement of the partner universities
  - Willingness to find ways of solving problems
  - Institutional support (awareness of the strategic interest and of the need to provide the necessary means, administrative, financial and of personnel)
- Vision and dedication

# Conferences and scholarly meetings organized for many years

- **China-Portugal Beijing Meeting 2016**

In partnership between the **Institute of European Studies of the Chinese Academy of Social Science (IEU, CASS)**, the **University of Lisbon** and the **Confucius Institute of the University of Lisbon**

- Subjects presented and discussed:

- Economy and International Relations
- “One Belt, One Road initiative” and China-European relationships (blue economy, renewable energies, energy efficiency, etc.)
- The future cooperation between China and Portugal

# A Couple of recent Examples

- The agreement between the University of Lisbon (ULisboa) and Shanghai University (SHU), China, for the creation of the **ULisboa School in Shanghai University**, in September 2021.
  - It offers bachelor's and master's degrees in Electrical and Computer Engineering, Civil Engineering and Environmental Engineering.
  - It involves several schools of ULisboa: mainly Técnico (IST) but also the School of Agriculture (ISA), the Faculty of Sciences (FC), the School of Economics and Management (ISEG), and the School of Arts and Humanities (FL).
- A Shanghai University Delegation visited the University of Lisbon on Nov. 10, 2023 ( the program included a "Seminar on Environmental Engineering" and a "Seminar on Civil Engineering").

# A Couple of Examples

- School of Human Kinetics: Cooperation with China in the Platform for monitoring motor skills (function that involves specific movements of the body muscles to perform a certain task) in children.
- Confucius Institute of ULisboa (ICUL) results from the cooperation between the University of Lisbon and Tianjin Foreign Studies University; it was awarded Global Model status on June 13, 2023, in Tianjin.
  - ICUL is ever more committed to expanding teaching using communication Technologies (including Smart Classrooms).
  - It has supported the opening of the LUBAN Workshop (Dec.2018) at the Setúbal Polytechnic Institute, with the Tianjin Professional School of Mechanics and Electricity, and Tianjin ELCO Industrial Automation, Ltda, for education in 4.0 Industry.
